Dear Colleague

ScopusAuthorFeedback@elsevier.com

This is a request to merge the papers of an author in our university which his papers divided in two author affiliation format. His name is Reza Madani & unfortunately his total papers are divided mainly in his 2 separate author identities as Author ID's **36601112600 & 9246620000**. Of course all the 2 authors-affiliation listed below, are really his own papers. As these two Author ID really belong to one person & he is Reza Madani, I appreciate you if you merge these 2 together in one Author ID. Your action & attention is appreciated.

Best Regards
Payam Kabiri
